CTY Greece's electronic allocation system places students in courses based on their grades and their course choices. If no course has been posted on the student's account, the student has not been accepted to the program.

The interest form should be submitted within the time frame provided. **Interest forms submitted after the deadline will not be accepted.**

### The submission of the interest form does not constitute registration to the program

The registration to the program is complete once a program and a course have been assigned to the student and the 1<sup>st</sup> installment of the tuition fees has been deposited.

Students attending school in Greece or Cyprus and having parents taxed in Greece or Cyprus may apply for a scholarship. For further information, please contact the CTY Greece office.
